April 15, 2014

Thurston Regional Planning Council  
2424 Heritage Court SW, Suite A  
Olympia, Washington 98502

Attn: Lon Wyrick, Executive Director

As a partner in the 2011 Memorandum of Understanding to work in cooperation to complete a Regional Plan for Sustainable Development for the Thurston Region, the City of Tenino extends its appreciation for the work that was accomplished through this collaboration.

The document developed by the Sustainable Thurston Task force of a regional plan for sustainable development: "Creating Places Preserving Spaces": A Sustainable Development Plan for the Thurston Region (2013) is a document that the City of Tenino may utilize for planning purposes that will be in our community's best interest.

In addition, the City acknowledges that this effort was funded by a grant from the U.S. Department of Housing and Urban Development (HUD) under the Sustainable Communities Regional Planning Grant Program.

Sincerely,

Bret D. Brodersen, Mayor
