Discussion Questions

Purpose: Local perspectives will help to ground truth our analysis and expand our understanding of factors influencing market demand. The following questions are meant to spur conversation and solicit feedback from the Advisory Committee.

1. What are the Study Area's biggest assets?
2. What do you think are the most important factors affecting market demand?
3. Historically, what has been the biggest impediment to development in the Study Area?
4. How can Tumwater position itself differently from Lacey/Olympia and what role can Port owned property play?
5. What are the most viable uses for the study area properties in the near term? Long term?
6. What role can the Olympia Regional Airport play in generating demand for the Study Area?
7. What role do you envision retail playing in the Study Area? Should it be a predominant use? Where would it ideally be located?
8. What role is there for the existing recreational presence?
