**Agenda Item 6
PRESENTATION
ACTION**

Contingency Project List

Deputy Director Veena Tabbutt reviewed a list of projects for potential federal funding through the Washington State Department of Transportation (WSDOT). WSDOT received additional funding authority from the federal Bipartisan Infrastructure Law (BIL). The projects must have been submitted in the 2022 Call for Projects and reviewed by Council, or the projects must be in the unfunded section of the Regional Transportation Improvement Program (RTIP).

The State priorities for these federal funds are:

State Priority 1:

- Add federal funding to road construction projects with existing federal funding
 - Increased costs (inflation)
 - More than required local match

State Priority 2:

- Transit projects
- Design (preliminary engineering) projects
- Planning projects

Staff requested Council approve the list of projects to be submitted to WSDOT for consideration of federal funding, as outlined in the staff report, and direct staff to add projects to the list that meet WSDOT's Priority 1 Criteria – federally funded projects where construction bids come in high – as they rise.

Councilmember O'Callahan moved, seconded by Councilmember Cox, to approve the list of projects to be submitted to WSDOT for consideration of federal funding, as outlined in the staff report, and direct staff to add projects to the list that meet WSDOT's Priority 1 Criteria – federally funded projects where construction bids come in high – as they rise. Motion carried.

**Agenda Item 7
PRESENTATION**

2022 Mid-year Program Update

Executive Director Marc Daily updated the Council on staff progress in implementing the 2020-2022 Strategic Plan and the 2022 Work Program. Updates included the Martin Way Corridor Study, SW Thurston County Trail Feasibility Study, Thurston Regional Trails Plan Update, Rural Mobility Strategy, Hazards Mitigation Plan Update, Local Pre-Disaster Recovery Planning, School Walk Route Mapping, Thurston Climate Mitigation Plan, Boundary Review Board, Transportation Model Update, and the Capitol Campus Phase 2 Telework Project.

**Agenda Item 8
PRESENTATION**

Update on I-5 Mounts Road to Tumwater

Executive Director Marc Daily provided an update on the progress of the I-5 Mounts Road to Tumwater work, which is the region's highest transportation priority. This year, the State Legislature passed the Move Ahead Washington transportation package, which includes \$75M for the project. Work is being done with the Legislature to clarify the intent of the \$75M for the project. The discussion will include that \$19M is needed to construct roundabouts near Yelm, \$1.5M to conduct part time shoulder usage engineering on southbound I-5 from Sleater-Kinney to Henderson Boulevard, and the remaining \$54M for preliminary engineering of the Nisqually River Delta.

Break

Agenda Item 10
PRESENTATION

Federal Infrastructure and Capacity for Grant Application Processes

Executive Director Marc Daily reviewed a discussion at the April Transportation Policy Board (TPB) meeting that included either hiring a part time employee at TRPC or a consultant to support member organizations in coordinating and developing regional applications for federal grant opportunities due to the Bipartisan Infrastructure Bill (BIL).

Staff discussed the suggestion with the Technical Advisory Committee (TAC) who had multiple concerns, which are outlined in the staff report.

Mr. Daily advised that at the May TPB meeting, the Policy Board took action to recommend that TRPC use the \$100k of contingency funds identified in the Unified Planning Work Program (UPWP) to hire a temporary staff person.

After discussion with the Council, no recommendation was made on how to move forward. Mr. Daily will bring back the Council's discussion to the TPB at their July meeting.
