

SUMMARY NOTES

Hazard Mitigation Plan Workgroup – Meeting 5
Monday, July 25 2022, 1-2:30 pm

Agenda Item	Notes
1. Welcome & Introductions	Members typed their names and affiliations into the chat.
2. Risk Assessment and Mitigation Strategy Development Road Map (Carol Baumann, Tetra Tech)	Baumann spoke about Tetra Tech's upcoming work on the hazard risk assessment and mitigation strategy development. Tetra Tech will use a tool called HAZUS to model damage estimates to various flood and earthquake disaster scenarios. The tool uses hazard data and general building stock and critical facilities information to generate the damage estimates.
3. Data Coordination (Paul Brewster)	Brewster discussed the data requests TRPC will be sending out to partners shortly. Members will need to submit their jurisdiction's critical and essential facilities information that will be input into the HAZUS models.
4. Survey Outreach Activities (Paul Brewster)	Brewster reviewed the community survey outreach activities that have been conducted thus far. The survey closes on July 31 st and approximately 572 responses have been received as of date. Survey results will be shared at next month's meeting and distributed to members via email.
5. Time Tracking (Cherie Nevin)	Nevin shared a time tracking spreadsheet that members should fill out quarterly to record their time spend on the project. The form will be sent out with the after-meeting summary.
6. Adjourn	The meeting was adjourned at 2:01 pm.

Meeting summary is prepared by Casey Mauck, Assistant Planner, Thurston Regional Planning Council.

This summary is not verbatim. A recording of this meeting is available at
